Dear Parents/Guardians,

Assalam Alicom Wa Rahamtu Allha Wa Barakatu,

Mubark Ramadan and happy Eid in advance to all of you! I hope this letter finds you well and enjoying some restful time with family far away from the school activities. On the behave of the Board of Trustees, Administration and Teachers of Riyadh Assaleheen School, I would like to welcome you all at the early beginning of this academic year 2011-2012, praying to Allah to make it a very productive and successful year for all of us. Also, I would like to congratulate you for the month of Ramadan asking Allah to accept our deeds in this blessed month.

It is a great milestone for Riyadh Assaleheen School this year. It is the school 10th anniversary. Riyadh Assaleheen School was established ten years ago with commitment to high standard in Arabic and Islamic studies. Through the past years, our school personals and volunteers have been dedicating their effort and time to accomplish this mission and improve the school standard every year. In the past years, the school went to a lot of changes and developments. For example, we have started to apply very rigorous teacher evaluating and training procedures to improve further the school educational level and we started school web site. The web site is giving a lot of school information and helpful links to the parents. It also, allows the parent to register their kids online. This year we are working to make the grades available online to the parents. Many other new ideas and projects for further expansion and improvement of the school are still under planning and we ask Allah for help and guidance.

We have no choice except to build on this success to keep pursuing our objectives. The only way to achieve this is to increase our student base and expand in our resources. As member of this Riyadh Assaleheen family, we absolutely need your support and effort to achieve this. We request your effort to spread the word about the school vision and achievements and bring new students/families to your school.

The purpose of this message is to provide you with the necessary information to prepare for the upcoming school year.
